## Council Report

The tennis courts are open, the pool is ready, the new benches will be in place soon and summer is just around the corner. Things are looking good.

The Council has called a special general meeting to discuss and vote on the spending of moneys to pay for some needed work on the trees along the boulevard and the replacement of the gazebo near the Rec Center. The outcome of this meeting will determine if these projects can proceed. We will keep everyone informed about the outcomes and details.

On another note we wish to extend to all River Springs' graduating students the best of luck with final exams. Be safe during all the festivities during this exciting time in your life.

River Springs Council

## Reminders

**There will only be one newsletter over the summer. The deadline is July 4th and the issue will be delivered the weekend of 10th/11th.**

### *Let's talk about socks!*

Do you have orphaned socks in your closet? Want to find a good home for them? How about a package of new ones or old ones you don't wear anymore?

Socks are in high demand right now and we could really use your help to make sure the clients and tenants of Rain City Housing are able to keep their feet clean and dry. If you have socks you would like to donate (adult sizes only please) we'd really appreciate them.

Triage Shelter, 707 Powell Street, Vancouver, BC

## An Egg-Cellent Eggodile

### You'll need:

- The top of a container for a dozen eggs
- Both parts of a container from half a dozen eggs
- Four empty toilet paper rolls
- Green, black, and white paint
- Red or pink construction paper
- A needle with thread or string
- Glue
- Adhesive tape
- Varnish (optional)

### How to build it:

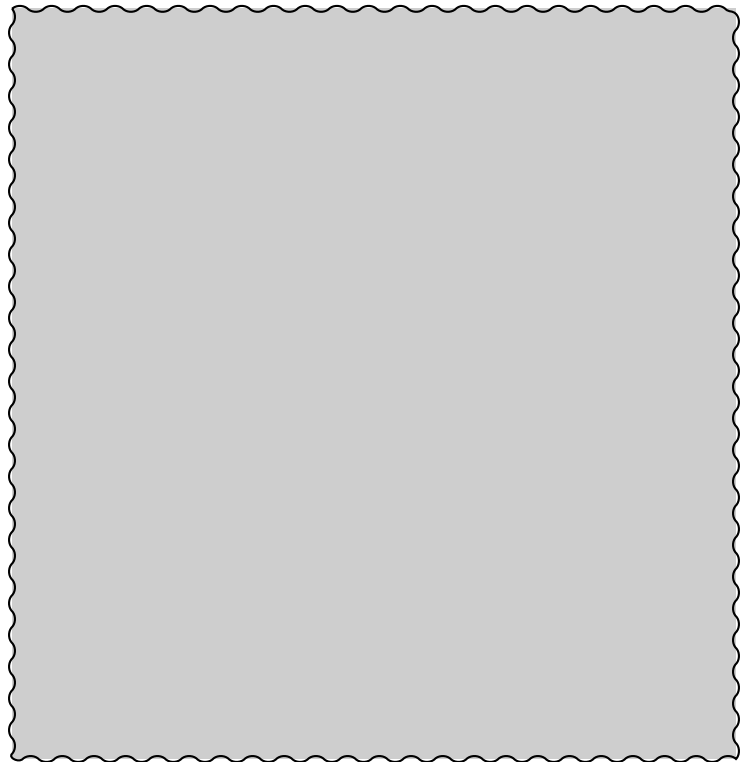

1. Paint all the egg containers and rolls green. When the green has dried, paint white nails on the four rolls, which will be the legs. When the paint dries, you can varnish the rolls, if you like.
2. With thread or string, tie together the two parts of the smaller container to form the head. You may want to ask an adult for help.
3. Glue the body to the head and paint the eyes and the nostrils. Varnish the whole piece, if you like.
4. On red construction paper, draw and cut out the tongue. Attach it to the creature's mouth with adhesive tape.
5. Glue the top edges and fit the legs in spaces on the underside of the body.
6. Use a piece of unpainted egg container to make eyelashes. Glue them over the eyes.

## Green Space

For info on where to take items not accepted by garbage collection, call the **Recycling Hotline 604.732.9253** or visit **www.rcbc.bc.ca**

**Happy Stan's Recycling Depot** is around the corner and accepts a variety of household items for recycling. For more information: **www.happystan.com 604.464.0242**

*Please note that changes have been made to the plastics that Happy Stan now accepts.*

One man's trash, another man's treasure. **Freecycle.**
